I am a 27-year-old management consultant currently working with project management in healthcare. I have previously studied the business and economics program with a focus on control, project-, and supply chain management.

EXPERIENCE

2018 – CURRENT

MANAGEMENT CONSULTANT, PROVÉ AB

Working with project- and program management, coordination and process development. I have primarily worked within healthcare at a regional level. My tasks have included:

- Planning, implementing and following up initiatives for improvement
- Change management while implementing new working methods
- Process mapping and identification of bottlenecks

2013 – 2017

SALES REPRESENTATIVE, NATURKOMPANIET AB

Helping customers, working the register, sending and receiving shipments.

EDUCATION

2014-2018

MASTER OF SCIENCE IN BUSINESS AND ECONOMICS, LINKÖPING UNIVERSITY

Business and Administration program; focus on business controlling, project-, and supply chain management.

2016

ERASMUS EXCHANGE, UNIVERSIDAD COMPLUTENSE DE MADRID

Exchange during one semester. Three courses taught in English, two in Spanish.

2015-(CURRENT)

BASIC MILITARY TRAINING, SWEDISH ARMED FORCES

After the training was completed, I stayed on as a reservist through the Swedish National Guard.
